BIRTH CERTIFICATE POLICY

Birth certificates are not required to be submitted as part of the registration process. Portage Youth Softball will not accept or retain any physical or digital copies of birth certificates. Players must only present an official, legal, government issued birth certificate upon request of the Registrar to verify age if an issue of the player's age is brought to the Board of Directors. All players attending a tournament on a Portage Youth Softball sanctioned team must bring an official, legal, government issued birth certificate (or acceptable replacement including U.S. Passport or Driver's License). It is not the responsibility of the coaching staff to ensure that birth certificates are present at the tournament. Tournament directors have the right to prohibit players from playing in tournaments for failing to provide an acceptable birth certificate.
