TEAM ASSIGNMENT POLICY

Athletes registered for recreational leagues will be distributed evenly among teams. Our Recreational Teams are not divided based on skill level (i.e. A Team, B Team, etc.). It is our goal to make each team as equal to the other teams in the league. Grade, previous years of experience, and positions played are used to divide teams.

Requests to be placed on the same team as certain players for carpool reasons can be requested while registering. Portage Youth Softball makes no guarantee that these requests will be granted as coaches are responsible for selecting which players will be on their team. However, coaches will be notified of all special requests so that they can be considered.

Unlike the recreational teams, our Tournament Teams are based upon the skill level of the athletes. Any athletes interested in playing on a Tournament Team must attend a required evaluation session. PYS Tournament Teams are not recreational teams. They are competitive tournament teams and will be coached and run as such. Equal playing time is not guaranteed for players on PYS Tournament Teams.
